EACH ORDER OR CHANGE TO AN ORDER MUST BE SIGNED (OR AUTHENTICATED IF THIS IS AN ELECTRONIC ORDER) BY BUYER'S AUTHORIZED PROCUREMENT REPRESENTATIVE TO BE VALID.

Clause 3 - AGREEMENT/ACCEPTANCE/MODIFICATIONS

An Order is Buyer's offer to Seller and acceptance is expressly limited to its terms without additions, deletions, or other modifications. Seller's commencement of performance, delivery of any Articles or acknowledgment of the Order or electronic signature will conclusively evidence such acceptance. NO CHANGE OR MODIFICATION TO THE ORDER (INCLUDING ANY ADDITIONAL OR DIFFERENT TERMS IN SELLER'S ACCEPTANCE) WILL BE BINDING ON BUYER UNLESS SIGNED (OR AUTHENTICATED IF THIS IS AN ELECTRONIC ORDER) BY BUYER'S AUTHORIZED PROCUREMENT REPRESENTATIVE.

Clause 4 – CHANGES [Not applicable if EEI Standard Purchase Order Terms and Conditions - FAR/DFARS Clause Flow-Downs in Fulfillment of a U.S. Government Contract (Flow-Downs), Section III Applies.]

- (A) Buyer may by written notice make changes within the general scope of the Order in any one or more of the following:
 - (i) drawing, designs or specifications;
 - (ii) method of shipment or packaging;
 - (iii) place of inspection, delivery or acceptance;
 - (iv) amount of Buyer-furnished Manufacturing Materials;
 - (v) quantity.
- (B) Seller shall proceed immediately to perform the Order as changed. If any such change causes a material increase or decrease in the cost of, or the time required for the performance of any part of the work in the Order, except as otherwise provided for in paragraph (C) below, Buyer will make an equitable adjustment in the purchase price or delivery schedule or both. Seller shall provide written notice of its intent to assert a claim within ten (10) calendar days from the date of receipt by Seller of such written notice of change. Seller shall proceed with the change pending resolution of any claim for adjustment. Failure to agree to any adjustment will be resolved in accordance with the Disputes clause of the Order.
- (C) Notwithstanding paragraphs (A) and (B) above, Buyer may make changes to the Order delivery schedule without cost impact provided that:
 - (i) Buyer provides a minimum four (4) week notice to Seller for any delivery schedule acceleration; or
 - (ii) Buyer provides a minimum four (4) week notice to Seller for any delivery schedule deceleration.
- (D) Seller shall, at no cost to Buyer, use best effort to support any changes required by Buyer within the four (4) week notice period.

Standard Distribution Purchase Order Terms & Conditions

Clause 5 - STOP WORK [Not applicable if EEI Standard Purchase Order Terms and Conditions - FAR/DFARS Clause Flow-Downs (Flow-Downs) in Fulfillment of a U.S. Government Contract, Section III Applies.]

- (A) When directed by written notice from Buyer, Seller will immediately stop all or part of the work relating to the Order to the extent specified in the notice for a period of up to one hundred-eighty (180) calendar days or longer if extended by mutual agreement. Seller shall take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Order during the period of the stop work.
- (B) Within such period, Buyer may either terminate or continue the work by written order to the Seller. If a Stop Work notice is cancelled or the period of the Stop Work notice or any agreed extension thereof expires, Seller must resume work and Buyer and Seller will agree upon a reasonable adjustment in the delivery schedule. In no event will such adjustment exceed the period of time in which the Stop Work notice was in effect. Except as otherwise provided herein, the total Order price will not be adjusted and Buyer will not incur any liability by the issuance of a Stop Work notice.

Clause 6 - TERMINATION FOR CONVENIENCE [Not applicable if EEI Standard Purchase Order Terms and Conditions - FAR/DFARS Clause Flow-Downs (Flow-Downs) in Fulfillment of a U.S. Government Contract, Section III Applies.]

- (A) Notwithstanding any other provisions of the Order, the Buyer may by written notice terminate for its convenience the whole or any part of the Order upon providing ten (10) calendar days notice thereof, except that the Buyer may immediately terminate for its convenience the whole or any part of the Order in those instances in which such action is reasonably required as a result of Buyer's customer taking action affecting all or part of the performance of work under the prime contract. Upon receipt of such notice, the Seller must immediately cease work, including but not limited to the manufacture and procurement of materials for the fulfillment of the terminated portion of the Order.
- (B) Buyer's only obligation shall be to pay Seller a percentage of the price reflecting the percentage of the work performed prior to the notice of termination. Seller shall not be paid for any work performed or costs incurred that reasonably could have been avoided.
- (C) In no event shall Buyer be liable for lost or anticipated profits, unabsorbed indirect costs or overhead, or any amount in excess of the total Order price.
- (D) Seller shall continue all work not terminated.
- (E) In the event Seller has a claim for adjustment, it must notify Buyer in writing of its intent to file a claim within twenty-one (21) calendar days from the effective date of termination. Seller's final termination claim must be submitted to Buyer within ninety (90) calendar days from the date that Seller's intent to file a claim was submitted to Buyer. Seller shall have no other remedies after this period.

Clause 7 - TERMINATION FOR DEFAULT [Not applicable if EEI Standard Purchase Order Terms and Conditions - FAR/DFARS Clause Flow-Downs (Flow-Downs) in Fulfillment of a U.S. Government Contract, Section III Applies.]

- (A) If the Seller fails to comply with any of the terms of the Order, fails to make progress so as to endanger performance of the Order, fails to provide adequate assurance of future performance, files or has filed against it a petition in bankruptcy or becomes insolvent or suffers a material adverse change in financial condition, the Buyer shall, prior to termination of the whole or part of the Order, give the Seller notice of default. The Seller shall have ten (10) calendar days (or more if authorized in writing from the Buyer) from the date of receipt of such notice in which to cure the default or to satisfy the Buyer that such default shall be cured within a period of time acceptable to the Buyer. Upon failure to cure the default, Buyer

may give the Seller written notice of Termination for Default.

- (B) Upon termination, the Seller will have no claim for further payment other than as provided in this Clause, but will be liable to the Buyer for all direct losses and direct damages which may be suffered by the Buyer by reason of the default, including any increase in the costs incurred by the Buyer in procuring the Articles from another source. Nothing in this Clause affects any obligation of the Buyer under the law to mitigate damages and Seller must proceed with the portion of the Order not terminated under the provisions of this Clause.
- (C) If the Order is terminated for default, the Buyer may require the Seller to transfer the title and deliver, as directed by the Buyer any
 - (i) completed Articles, and
 - (ii) Manufacturing Materials that the Seller and its subcontractors have specifically produced or acquired for the portion of the Order under notice of Termination for Default. Upon direction of the Buyer, the Seller shall also protect and preserve property in its possession in which the Buyer has an interest.
- (D) The Buyer shall pay the Order price for completed Articles delivered and accepted. The Seller and Buyer will agree on the amount of payment for Manufacturing Materials delivered and accepted. Failure to agree will be a dispute under the Disputes clause. The Buyer may withhold from these amounts any sum the Buyer determines to be necessary to protect the Buyer against loss because of outstanding liens or claims of former lien holders and Buyer's estimate of reprourement costs due Buyer.
- (E) If, after termination, it is determined that the Seller was not in default, or that the default was excusable, as defined in the Excusable Delay clause, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of the Buyer and the provisions of the Termination for Convenience clause, will apply.
- (F) The rights and remedies of the Buyer in this clause or in any other clause of the Order are in addition to any other rights and remedies provided to Buyer by the law or under these Terms and Conditions.

Clause 8 - EXCUSABLE DELAY [Not applicable if EEI Standard Purchase Order Terms and Conditions - FAR/DFARS Clause Flow-Downs (Flow-Downs) in Fulfillment of a U.S. Government Contract, Section III Applies.]

- (A) A delay in the performance by the Seller of any obligations under the Order that is caused by an event which:
 - (i) is an act of God, act of Government, fire, riot, war, terrorism or any other event which constitutes a superior force and is beyond the reasonable control of the Seller; and without any fault on the part of the Seller and interferes with the performance of Seller's obligations; and
 - (ii) the effects of which could not reasonably have been avoided by the Seller will, subject to the provisions of this Clause, constitute an Excusable Delay.
- (B) In addition to the events described in paragraph (A), a delay caused by the default of a subcontractor of the Seller may constitute an Excusable Delay if the event causing the default of such subcontractor is an event that meets the criteria set out in paragraph (A) and such delay has not been contributed to by the Seller, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Seller to meet the required delivery schedule.
- (C) Except as otherwise provided herein, the following will not be considered as events beyond the reasonable control of the Seller:
 - (i) lack of financial resources of the Seller or its subcontractors; or
 - (ii) any labor disturbances including strikes/lock-outs experienced by the Seller or its subcontractors;
- (D) To claim an Excusable Delay, the Seller must, by written notice to the Buyer, describe in detail any excusable delay and provide the Buyer with an acceptable "work-around" plan within ten (10) calendar days of such facts coming to the attention of Seller. The

Standard Distribution Purchase Order Terms & Conditions

Buyer may accept or reject such "work-around" plan in writing and, if accepted, the Seller must promptly implement such "work-around" plan at Seller's expense.

- (E) In the event of an Excusable Delay, any affected delivery date will be postponed for such period as is reasonably necessary to offset the effects of the Excusable Delay. In no event will the delivery date be extended by a time period longer than the time period in that the Excusable Delay was in effect. No adjustment will be made to the Order price; adjustment to the delivery schedule is the exclusive remedy of the Seller in the case of an Excusable Delay.
- (F) Notwithstanding the above, after an Excusable Delay has continued for a period of thirty (30) calendar days in the aggregate the Buyer may, in the Buyer's absolute discretion, terminate the Order. In the event of such termination, the rights and obligations of Buyer and Seller shall be determined in accordance with the provisions of the Termination for Convenience clause herein.

Clause 9 – BUYER FURNISHED MANUFACTURING MATERIALS

The restrictions in this section do not apply to the Seller's performance of U.S. Government contracts to the extent the U.S. Government has unlimited rights in the Manufacturing Materials pursuant to DFARS 252.227-7013 "Rights in Technical Data-Non Commercial Items". The term "Buyer Furnished Manufacturing Material" includes, when applicable, Government

Property furnished to or acquired by the Seller under the Order.

- (A) Except as otherwise provided herein, Seller must not use, reproduce, or disclose for the benefit of any party other than Buyer, any Manufacturing Materials furnished by Buyer. Seller must not use the Manufacturing Materials to produce or manufacture Articles, other than those required by the Order, without prior written authorization from Buyer.
- (B) Title to Manufacturing Materials furnished by Buyer will remain with Buyer or U.S. Government, as applicable, at all times. Seller must bear the risk of loss, damage or destruction of the Manufacturing Materials furnished by Buyer and shall promptly replace or repair, without expense to Buyer, any of the Manufacturing Materials which are lost, damaged, or destroyed unless such loss, damage or destruction is solely and directly caused by Buyer's negligence.
- (C) Seller is responsible for care, maintenance, use and records of Buyer Furnished Manufacturing Materials. Physical Inventories will be performed as required by Buyer.
- (D) All Buyer furnished Manufacturing Materials, together with spoiled and surplus materials and Articles must be returned to Buyer upon termination or completion of the Order unless Buyer will direct otherwise in writing. When Buyer approves Manufacturing Materials to be furnished to Seller's subcontractors for procurement of Articles by Seller for use in the performance of Buyer's Order, Seller must insert the substance of this clause in its subcontracts.
- (E) Seller acknowledges that Buyer's Manufacturing Materials are unique and proprietary and that monetary damages will be inadequate to compensate Buyer for Seller's breach of this provision. The parties agree that, in addition to any other remedies available to Buyer under the Order, or at law or in equity, Buyer will be entitled to seek injunctive relief to enforce the terms of this clause.
- (F) If the U.S. Government provides to the Seller Buyer's Manufacturing Materials with unlimited rights, or Buyer has authorized Seller to manufacture Articles for direct sale to the U.S. Government or a third party, Seller may use Manufacturing Materials provided:
 - (i) Seller provides to Buyer a notice of each such proposed use, identification of each Article being provided by Seller, and applicable U.S. government contract number;
 - (ii) Buyer's name and cage code number must not be used to identify Articles;
 - (iii) Seller makes no claim against Buyer, which arises out of Seller's use of the Manufacturing Materials;
 - (iv) Seller indemnifies and holds Buyer harmless from any and all claims and causes of action for wrongful death, bodily injury

or property damage based upon, but not limited to, theories of strict liability or negligence, actual or implied, which may arise out of such use and direct sale, and;

- (v) Seller certifies that use of such Manufacturing Materials will be limited to manufacturing Articles for delivery to the U.S. Government or authorized third party and agrees to provide Buyer reasonable access to Seller's books and records to verify compliance with this provision.

Clause 10 - QUALITY CONTROL/INSPECTION

- (A) Seller must provide and maintain a Quality Management System in accordance with the latest revisions to ISO-9001 or AS/EN-9100. Seller's system must also be in compliance with the applicable requirements of the Seller's civil airworthiness authority (Transport Canada, the Federal Aviation Administration (FAA), or Foreign Air Worthiness Authority) and the Buyer's Quality Procurement Specification (QPS) referenced in the Order. Seller agrees to permit Buyer or U.S. Government access to its facilities, quality system procedures, processes and documentation related product/service compliance to requirements. This accessibility will remain applicable to Seller in addition to any special quality assurance provisions, which may be incorporated elsewhere in the Order. If FAA surveillance is required, a bilateral agreement between FAA and a foreign civil air authority may apply.
- (B) All Articles are subject to final inspection and acceptance by Buyer at destination, notwithstanding any payment or prior inspection at source. The final inspection will be made within a reasonable time, not to exceed fifteen (15) calendar days after receipt of the Articles. When Buyer inspection is performed at source, Seller must provide, at no charge to the Buyer, appropriate facilities and assistance to allow the performance of the inspection. Buyer must notify Seller if any Articles delivered hereunder are rejected, and such Articles may be returned to Seller at Seller's risk and expense at Buyer's discretion. Inspection and tests by Buyer do not relieve the Seller of responsibility for defects or other failures to meet the Order's requirements. Acceptance will not be final with respect to latent defects, fraud, or gross mistakes amounting to fraud. Notwithstanding anything else in the contract terms to the contrary, Seller and Buyer expressly agree that Seller is responsible for any claims for damages, losses, expenses that result from Seller's failure to comply with the requirements of this clause.
- (C) The Seller must have an effective program for investigation of quality system or product deficiencies that includes utilization of a disciplined problem solving method for determining the root cause and determination of effective corrective actions that preclude recurrence of deficiencies detected by the Seller or Buyer. The Buyer may forward a request for root cause and corrective actions response from the Seller when the Buyer discovers discrepancies for which the Seller is responsible. The Seller's response must be returned to the Buyer within thirty (30) calendar days unless otherwise specified by the Buyer. The response will include the corrective action effectivity point by part number, unit serial number, ship dates into Buyer, quantity and/or manufactured date.
- (D) The Seller is responsible for compliance to all contract (e.g., engineering drawing, specification, purchase order) requirements. All documents, drawings and specifications, regardless of origin, are applicable to the Seller when specified in the contract or in documents referenced in the contract, and are required to be flowed down to all levels of the supply chain. Audit, surveillance, inspection nor tests made by Buyer, representatives of the Buyer or its customer(s), at Seller's facilities, at any sub-tier facilities, or upon receipt at Buyer's facility, relieves the Seller of the responsibility to furnish acceptable products or services that conform to all contract requirements; nor does it preclude subsequent rejection by Buyer or its customers. Failure to comply with Quality System requirements or to achieve an acceptable quality performance level may result in an on-site audit or additional source inspection oversight being initiated by Buyer, at

Standard Distribution Purchase Order Terms & Conditions

Seller's expense. Buyer reserves the right to debit Seller accounts to compensate for inspection or related activities that take place as a result of Buyer directed inspections, including source inspections being by-passed by the Seller.

- (E) Buyer shall follow Seller's instructions with respect to the return of defective goods, and Seller shall reimburse Buyer's actual costs with respect thereto.
- (F) Except as otherwise provided herein, all rights and remedies of Buyer under the Order or at law shall be cumulative, and the exercise of one shall not be deemed a waiver of the right to exercise any other.

Clause – 11 SUSPECT/COUNTERFEIT PARTS

- (A) Seller shall supply Articles that are not and do not contain suspect/counterfeit parts. A suspect item is an item in which there is an indication by visual inspection, testing, or other information that it may not conform to established government or industry accepted specifications or national consensus standards. A suspect/counterfeit item is any item that is a copy or substitute without legal right or authority to do so, or one whose material, performance, characteristics or identity does not appear to be authentic. The term also includes approved Article that has reached a design life limit or has been damaged beyond possible repair, but are altered and deliberately misrepresented as acceptable. Failure by Seller to document material substitution or identify that an item has been refurbished or remanufactured is considered to be fraud, and the item then becomes suspect/counterfeit.
- (B) If it is determined by Buyer that a suspect/counterfeit part has been supplied, Buyer will impound the items pending a decision on disposition. Notwithstanding anything else to the contrary herein, Seller shall replace such items with items acceptable to Buyer and shall be liable for all costs relating to the impoundment, removal, and replacement. The remedies contained in this paragraph are in addition to any remedies Buyer may have at law, equity or under other provisions herein. Buyer may also notify the applicable Government representatives and reserves the right to withhold payment for the items pending results of the investigation.

Clause 12 –GENERAL TOOLING DOCUMENT

When required, Buyer's latest revision of the General Tooling Document is applicable to the Order. All lost, damaged or destroyed tools will be charged to the Seller at replacement value. Invoices for tooling will not be processed until Buyer's inspection has accepted parts produced from such tools and a certified OMTR (Outside Manufacturing Tooling Requirement) has been submitted to and approved by Buyer. Where EEI-to-Furnish tooling is required for the performance of the Order, Seller must refer to Buyer's Technical Data Package or equivalent for Orders issued by EEI.

Clause 13 – WARRANTY

- (A) Seller warrants that all Articles delivered under the Order will be free from defects in design; material and workmanship will conform to applicable descriptions, specifications and drawings and are suitable for the purpose intended. THIS WARRANTY SHALL BE IN ADDITION TO ALL WARRANTIES ARISING AS A MATTER OF LAW AND SHALL SURVIVE ACCEPTANCE AND PAYMENT.
- (B) Seller's warranties must be enforceable by Buyer's customers as well as Buyer and will be valid for thirty-six (36) months after delivery to Buyer's customers.
- (C) Seller will reimburse Buyer for reasonable labor charges incurred by Buyer's customer(s) associated with warranty related issues during the first two-hundred (200) hours of aircraft operation after delivery to Buyer's customer, including part(s) removal and re-installation.
- (D) Defective Articles will be returned to Seller at Seller's expense for repair or replacement, at Buyer's option. In the event defective

Articles are returned to Seller, the repaired or replacement Articles will be provided by Seller, FCA Seller's plant, to Buyer within twenty-one (21) calendar days from receipt of the defective Article by Seller. For valid warranty claims, Buyer will debit Seller's account for actual freight charges and costs incurred both from and to the Buyer. If Buyer finds it impractical to return defective Articles, or Seller is unable to repair or replace the defective Article within the time allotted herein, Buyer may perform necessary repair at its own facility and charge or debit Seller's account for those costs.

Clause 14 – INTELLECTUAL PROPERTY RIGHTS & INDEMNITY

- (A) Except for Orders funded by the U.S. Government, any copyright, trademark, trade secret, software, data, idea, concept, process, formula, invention, system, report or other intellectual property resulting from any Seller work performed for the Order, derived from or based on information supplied by Buyer, or conceived or reduced to practice by Seller using Buyer's funds, will be the sole property of Buyer. Seller agrees to assign and hereby assigns to Buyer any interest Seller may have in such intellectual property right or invention(s) conceived by Seller or reduced to practice by Seller.
- (B) With respect to Articles delivered under the Order, Seller shall save Buyer, its agents, customers, and users of its products harmless from all loss, damage and liability incurred on account of any infringement or alleged infringement of a Patent, copyright, or trademark or misappropriation of a trade secret or other violation of an intellectual property right of a third party, arising out of the manufacture, sale, or use of such Articles by Seller, Buyer, Buyer's agents, customers, or users of its products. Seller shall at its own expense defend all claims, suits and actions against Buyer, its agents, customers or users of its products in which such infringement or other violation of an intellectual property right of any third party is alleged, provided Seller is notified of such claims, suits and actions. This indemnification does not apply to articles manufactured to detailed designs developed and furnished by Buyer.

Clause 15 - BOOKS AND RECORDS

Seller must provide authorized representatives of Buyer, reasonable access to its books, records and data which will permit the adequate evaluation of cost data, direct materials, labor hours and incorporated rates used to arrive at a price. In addition, any proposals submitted by the Seller, pursuant to the Changes, Termination for Default, or Termination for Convenience clauses shall also include sufficient cost data and reasonable access to Seller's books, records and data as indicated herein. At Buyer's request, Seller shall provide copies of collective labor agreements, if any, and audited company financial statements.

Clause 16 - PRICES, PAYMENT AND DISCOUNT

Payment by Buyer will be made net sixty (60) days from the later of the following: (i) the date of acceptance of the Articles or (ii) from Buyer's receipt of an acceptable invoice. Any payment discounts will be calculated from the same date. Discount terms shall be clearly stated on the face of each invoice.

Clause 17 - INVOICING, PACKING AND SHIPPING

- (A) Separate invoices indicating Order number, line item number(s), quantity, unit price and extended value are required for each Order unless Pay Upon Receipt has been established with the Seller. For international imports, seller should indicate the harmonized tariff system code for each item shipped and country of origin on the export documents related to the export shipment.

For shipments in fulfillment of EEI issued Orders, on date of shipment(s) Seller shall mail one copy of each invoice to the address below, unless a different address is provided in the face of the Purchase Order:

Aircraft components, although specifically designed for use on military aircraft, do not require an import license. The Order will be governed by the provisions of Incoterms as published by the International Chamber of Commerce 2010, Paris, France. If Articles are received more than five (5) calendar days ahead of specified schedule, Buyer reserves the right to keep the Articles and make payment as if the delivery was made per the specified delivery schedule, return the Articles to Seller at Seller's expense or place the Articles in a Foreign Trade Zone ("FTZ") at Seller's expense until the specified delivery schedule. The delivery dates contained in the Order are the dates that the Articles are required on dock at Buyer's facilities.
- (B) Time is of the essence in performing the Order. Should Seller experience or anticipate any delay in performing the Order, Seller must immediately notify Buyer in writing of such delay, it's expected duration and the reasons thereof. Neither such notification nor an acknowledgment by Buyer will constitute a waiver of the Order's specified delivery schedule.
